

Protective Eyewear Evaluation Form

Date: _____ Department: _____ Occupation: _____

Product: _____ Number of Times Used: _____

This evaluation form should be completed by frontline non-managerial employees who are responsible for direct patient care, cleaning/disinfecting/sterilizing surfaces or devices, and laboratory personnel or anyone at risk of experiencing a splash of blood or body fluid.

The completion of this evaluation and review is designed to assist employers with the requirements set forth in the OSHA Bloodborne Pathogens Standard (29 CFR 1910.1030 (c)(1)(v)).

Please circle the most appropriate answer for each question. Not applicable (N/A) may be used if the question does not apply to this specific product

General Considerations for the Evaluation of Protective Eyewear:

During Use:		Scale (1) Agree.....(5)Disagree					
1	The product does not fog up when in use.	1	2	3	4	5	N/A
2	The eyewear is comfortable enough to wear for extended periods of time.	1	2	3	4	5	N/A
3	The product can be stored in a location that is readily accessible at the point of care/use (e.g., wall mount, caddy, etc.)	1	2	3	4	5	N/A
4	The eyewear can be dispensed easily from its stored location.	1	2	3	4	5	N/A
5	The eyewear does not distort vision or visibility.	1	2	3	4	5	N/A
6	The eyewear is available in prescription offerings or can be used while wearing prescription glasses.	1	2	3	4	5	N/A
7	The product is available in several sizes, fits, and styles.	1	2	3	4	5	N/A
8	The product works well with a variety of head sizes and shapes.						
9	The product does not slide/slip on the nose or face when looking down, up, or side to side.	1	2	3	4	5	N/A
10	The product has adequate physical coverage, including side, above, and below the eye.	1	2	3	4	5	N/A
11	The product is suitable for a variety of types of procedures, patients, and exposure types.	1	2	3	4	5	N/A
After Use & During Disposal or Reprocessing:							
12	If disposable, the product can easily be placed in the trash or if contaminated, in a red bag.	1	2	3	4	5	N/A

13	If reusable, the product can be safely and adequately cleaned and disinfected without compromising its integrity (e.g., fit, vision, visibility).	1	2	3	4	5	N/A
14	Product manufacturers have provided clear instructions for use, storage, disposal and/or reprocessing.	1	2	3	4	5	N/A

Of the above questions, which three are most important to **your** safety when using this product/device?

- 1.
- 2.
- 3.

Are there **other** questions that you feel should be asked or addressed regarding the safety and utility of this product/device?
